Book of Destiny

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

All about Your Birth Card

Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.

The King of Diamonds Person

The Businessman's Card

The King of Diamonds is the master of values, finances and business. In this regard he or she can do very well in any business pursuit, applying their inherited knowledge to their work with much success. These people are always more successful as heads of their own business rather than working for others. They can be very mercenary when it comes to money and business, but they don't have to be.

This is the only 'one-eyed' King in the deck, which tends to blind them to certain aspects of life and situations. This can also make them very stubborn and see things from only their side of the issue. King of Diamonds are known to make enemies for this very reason. Perhaps the upraised 'battle-ax' on their card represents a fondness for competition. However, all of them know what is of real value and if they follow their knowing instead of their fears, they can be the most respectable people in the business world. They must always guard against using their power to get things to go their way at the expense of others. With so much inherent power, the King of Diamonds can avoid dealing with their feelings and this is where many problems are created. There are often emotional issues from childhood that must be dealt with before the higher side of this card can be manifested. Until then, they can appear cold and ruthless.

They are very creative and can make huge amounts of money by using this gift. The King of Diamonds are powerful people who can do much good in the world and can be examples of those who are 'in the world but not of it'.

Some of the King of Diamonds Issues Concerning Relationships

The King of Diamonds is one of those cards that doesn't have any particular good or bad relationship karma. However, being Kings, they are quite powerful and unwilling to compromise, which can cause problems on the personal level. The women, especially, have to find a way to balance their strong masculine side in the context of a relationship where the accepted norm is the 'retiring female'. They tend to want to dominate or at least be an equal to their mates and not many men are willing or able to deal with such power in a woman. Some of the women give up trying after a few unsuccessful attempts. Some of the men do likewise. Both sexes can be guilty of looking at love and marriage strictly from a financial point of view. It is always best for them to keep their business and love life separate until they find the right match.

Both sexes could learn to express their fears and emotions to have better luck in romance or marriage. Honest communication bridges the gap and brings more intimacy. They are attracted to those of wit and good education and are often found working with their spouse in a business.

All about Your Planetary Ruling Card

The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.

Six of Hearts as Your Planetary Ruler

This card makes you a 'peace-maker' and you will find yourself in the position of mediator from time to time as a result. You have the ability to see both sides of any personal conflict between people. You enjoy seeing things turn out right and will often get involved if there is injustice being done. You will always want to see that what happens is fair and equitable. You really know what is fair and what is not. You can be very competitive. Though a peace-loving person, you will probably return 'an eye for an eye' when you are crossed. Many people with this card excel at sports or other competitive activities. You could even become a lawyer. You will feel often that your personal life gets into a rut. Once you get comfortable with a certain person, it is usually hard for you to change, even when you may want to. You will usually wait to see what will come your way instead of going out and making it happen as far as your love life is concerned. Indeed, most of your important personal relationships are 'destined'.

Auspicious Events Occuring at Age 42

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

THE LIFE SPREAD

This Section Has Information From Your Birth Card Spread

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

The Year-Long Cards Found In Your Birth Card Spread

Your Long Range Card

Your Long Range Card is perhaps the most important card of the year. It defines something or someone that will be a major focus of your attention. It is neither positive or negative, just a place where a lot of your time, energy or attention will be spent throughout the year.

Your Pluto Card

Your Pluto Card is also a very important card in the Yearly Spread. It signifies something or someone that will cause a significant change in some part of your life. It may define an area where you experience a 'mini-death' in your life, a place where you release a negative pattern to make room for a more positive way of life.

Your Result Card

Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. Your Long Range Card This Year

Your Long Range Card

The Three of Clubs as the Long Range Card

It is likely that you will have a lot on your mind this year. The Three of Clubs promises an active mind, full of new ideas and ways of doing things. This may stimulate you to branch out in more than one direction at the same time. You may, for example, be learning two or more things at the same time, going to different schools for each and possibly working two jobs at the same time. You have many good ideas and you will be able to come up with some unique and valuable ways of doing things and looking at things.

If this mental creativity is harnessed, you could experience much success in writing or in other creative pursuits. If this creativity and versatility gets carried to extremes, you could find yourself manifesting the lower vibrations of this powerful influence in your life this year - that is worry and indecision.

Most people are not well equipped to handle so many things at once and yet some are, it all depends on you. To get the most from this card, write down all the great ideas you get this year. You may not be able to do them all right away, but they are valuable just the same and could be saved for later when your natural creativity is not running so high.

Keywords:

A year of mental creativity, such as writing and generating ideas, or a year of dealing with worry and indecision.

Your Pluto Card This Year

Your Pluto Card

The Nine of Diamonds as the Pluto Card

During this year you will find yourself often confronted with financial outlays of one kind or another and these may truly tax your sense of prosperity and financial well being. Whether you are investing this money for the future, giving it to charity, losing it on investments, paying it out on needed expenses, or having unexpected financial outlays such as cars breaking down, you will have to let go of some money this year. The only attitude that will help you retain peace of mind is that of letting go and having faith that you will be provided for by the universe. This year is a cycle of money going out. These are always followed by cycles of money coming back in.

This can also be a year when you complete your involvement with a certain type of work or money making venture or occupation. Usually, when this card is Pluto, we tend to resist letting go of any means of support that has perhaps outlived

its real meaning in our lives. Sometimes this card will signal a year when this job or occupation is taken away from us, against our will. If we realize that the time has come to move on and simply accept the timing of things, we can flow with this on to something much better. Something new and better always follows a nine year.

Your Result Card will further clarify how this money will be spent or tell you who is involved in the financial outlays and completions.

Affirmation:

I am releasing myself from things, occupations, and people that were once good for me, but now have outlived their purpose in my life. I set myself free to move on to higher and better things in my life.

This influence brings many fluctuations and indecision about romantic involvements and work. This could be about your job, money, a woman, or even your health. You may dread monotony and sameness now, especially in romance. During this period you may be fickle and aloof with your close friends and family and you can expect many changes in your attractions and friendships. Be careful that your indecisiveness doesn't leave you feeling insecure.

The Cards Influencing Your Mars Period

About the Mars Period Cards from your Planetary Ruling Card Spread

Your Mars

*Period lasts from
9/16/2017 till 11/7/2017*

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Mars Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

The Nine of Spades in the Mars Period

This period could bring a difficult lawsuit or problems dealing with some man or group of males. A headstrong attitude or recklessness can bring troubles in work and health during this period. Illness can interfere with work also. Be wary of all associations with men and try to settle difficulties out of court as these are not favored by this influence. By adopting a more universal (unselfish) attitude in these areas you may find great success.

Look to your other Mars Card to find out what or who is involved in the challenges or endings that may arise during this period. Also keep in mind that a positive card, such as a four, eight or ten, would tell you that regardless of the challenges present, you are likely to have a happy and productive outcome to the situations that present themselves during this 52-day period.

The Five of Hearts in the Mars Period

In Mars, the Five of Hearts promises many changes and a certain restlessness within you. These may jeopardize love and work relationships. Connected with a man or your work are possible changes in feelings or location. Men provide stimulation but also stimulate restlessness. In general you will be more restless than usual and this could inspire changes in work or love. Be careful with your aggressive energies now because a divorce or breakup could be devastating and expensive, especially if you end up in a legal battle.

The Cards Influencing Your Saturn Period

Your Saturn
Period lasts from
12/29/2017 till 2/20/2018

About the Saturn Period Cards from your Planetary Ruling Card Spread

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Saturn Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

Your Direct Saturn Card

Your Direct Saturn Card

The Jack of Spades in the Saturn Period

This card can represent difficulties through association with an incompetent physician. It would be wise not to put your trust in doctors during this period, or for the year to a lesser extent. There is also the possibility of being ripped-off in some way so it is advisable to watch over your personal possessions and beware of those who may be dishonest or disreputable. The other card during this period will give further details about this Jack of Spades influence.

Be on the lookout for men of the Spades suit, especially those who are younger or who may be approaching you from either a romantic or creative point of view. These are likely to prove burdensome in some way during this period.

Your Vertical Saturn Card

Your Vertical Saturn Card

The Ace of Diamonds in the Saturn Period

During this period you may experience a thwarted desire for money or a desire for money (fear of poverty) that brings problems or ill health. Any new businesses or money-making enterprises that begin now will demand a lot of hard work to get them to pay off. This could also represent a desire for money to help someone who is in need or ill. This is a karmic influence, that is, a payment for past actions. It may well be that some of the problems you are experiencing now stem from your actions in the past, especially if you have been overly attached to material status or possessions.

This influence leads to a general state of feeling impoverished and it tends to affect the entire year to some extent. It is interesting that our state of abundance is more about how we feel inside than the state of our external affairs. See if you are actually doing fine financially and simply worrying about it more than you need to.

Your Direct Uranus Card

Your Direct Uranus Card

The Jack of Clubs in the Uranus Period

This is a powerful and productive influence for all mental pursuits, but especially those where you need creative ideas. The ideas and inspirations you get now will be far ahead of their time and will lead you to further success. You may have some psychic experiences as your mind is attuned to very high vibrations now. If you know any males of the Clubs suit, they will be somewhat unpredictable this year. Give them the space and freedom they need.

Any Club males that you know may be acting strangely now, or leaving you feeling uncertain about their intentions or commitments. It would be best just to let them go their own way and maintain an open friendship.

Your Vertical Uranus Card

Your Vertical Uranus Card

The Eight of Diamonds in the Uranus Period

With this influence a sale of real estate could bring in a lot of money. This could also represent money made through employees, by using your gifts of intuition, or money made by or used for helping others in some humanitarian effort. In general you will have a lot of financial power with this influence and it may be either unusual in some way or be happening unexpectedly. You may also find money coming in from work with computers or advanced technologies of some sort and this would be a good time to purchase any new high-tech items on your list.

Because of the power of this card, it is almost a guarantee that this will be a very successful and prosperous period. Even if your other Uranus Card were one of challenge or difficulty, this card's power will overcome it and have a successful outcome to the situations that arise.

About the Neptune Period Cards from your Planetary Ruling Card Spread

The Neptune Period is the one that always begins 52 days before your birthday each year. It is the last period of the year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Neptune Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

Your Direct Neptune Card

Your Direct Neptune Card

The King of Hearts in the Neptune Period

This card brings a time when your charm and magnetism are at an all time high and can be used for romantic or professional success. Especially favored are social or romantic occasions involving travel or vacations. For men, this can indicate a year when a child is born or conceived. For women, it may indicate meeting the lover of your dreams. You have considerable love and healing power now that you can use to help others or yourself.

Any men of the Hearts suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore it is best not to make any important decisions related to them until after your next birthday.

NOTE: You have no Vertical Neptune Card this year.
